

Dear JoAnne,

I am writing to you concerning my interest in joining the Board of Directors as an Athlete Director.

Ever since I found climbing eight years ago I have been an avid National and International competitor and have done my best to act as a young positive role model in the sport. One year ago I took the next step in investing in this sport and the organization that supports it and joined the USA Climbing Athletes Advisory Committee as an athlete representative. It's been a privilege to participate and voice my opinion on this committee, and I feel as though my thoughts have had a positive impact on what conversations were had and what decisions were eventually made in the organization as a whole.

As an athlete who is very much still actively competing in the sport Nationally and Internationally and as someone with experience serving on a committee such as the AAC within USA Climbing I am qualified and ready to pursue a more influential role as an Athlete Director on the Board of Directors.

I hope you will consider my interest in this position!
