

USA Climbing 2022 Youth Qualification Series Rankings – Lead/Top Rope (FINAL)

Qualifying for the Regional Championships: At each Qualification Event, climbers who had a Competitor membership at the time of the competition and competed at a QE located in their Division earned Ranking Points based on the place they finished in their category at the QE.

- Tied competitors were awarded the average of the Points allocated for the tied rank positions. For example, if two competitors tied for 6th place in a category, they received the average of the Ranking Points for 6th and 7th place; $(47+43)/2 = 45$
- Competitors who were Introductory members at the time of the QE did not earn Ranking Points, but they still factored in the Rank placements as did pre-qualified athletes who competed. Example: if an Introductory Member finished 3rd at a QE, the 65 points associated with a 3rd place Rank were not allocated to the next highest Competitor member. They just received 55 Ranking Points for their 4th place finish.

A competitor's Regional Ranking is based on the number of Ranking Points they earned at their one best QE performance in the Lead/Top Rope discipline. Competitors were not required to compete in more than one QE in order to be potentially eligible for Regionals.

Eligibility for Regionals: Per section 18.2 of the Rulebook, an athlete may earn eligibility to compete at Youth Regionals via a few paths.

For US citizens: be ranked in the top twenty-six (26) in your Region and Category's Youth Qualification Lead/Top Rope Rankings when only US citizens are considered and no Regionals pre-qualified athletes are considered. **NOTE:** Non-US citizens (who are designated with an *) and Regionals pre-qualified athletes (designated with PQ) do not affect another competitor's place in that ranking.

For non-US citizens: be ranked in the top twenty-six (26) in your Region and Category's Youth Qualification Lead/Top Rope Rankings among all athletes in your Region. (Unlike above, non-US citizens and Regionals pre-qualified athletes may affect another competitor's place in that ranking.)

Athletes who are pre-qualified for Regionals are those who:

- are a current World Champion, Pan American Champion, or National Champion in Lead/Top Rope in either the Youth or Elite Series; or
- are the current National Champion in the All-Around Combined, among US citizens who competed in all of the Boulder, Lead, and Speed Disciplines at the 2021 Youth National Championships; or
- were ranked in the top three (3) in the National Rankings in Lead/Top Rope in the Youth or Elite Series in any category at the end of the 2020-21 season; or
- represented the US in Lead at the 2021 Youth World Championships; or
- are a resident of the state of Alaska or Hawaii (Alaska residents compete in Region 12; Hawaii residents compete in Region 31)

NOTE: (EQ) indicates an athlete who moved Regions during the season and, per section 18.2.3, has enough Ranking Points from their previous Region to qualify; that athlete is "extra-qualified" and does not impact the eligibility of other athletes in their new Region.
