SLC Paraclimbing WC	May 7/8	Salt Lake City, UT	TBD	3

Divisional Internships

Divisional Internships will be offered contingent on the CRS being approved to host an intern. The Routesetting Committee has made some changes to the internship program that will align more with the goals of the internship experience. Selected interns will first complete a Lead/TR internship in June of the competition year, then a Bouldering internship the following January. Once completed and with favorable recommendations from both CRS, the intern will be granted their L3 with both Lead/TR and Bouldering endorsements, allowing that setter to act as CRS for either discipline Youth Regional Championship.
