## Statement of Interest

Competitive climbing has been a guiding force in my life since I was 9 years old, serving as a catalyst for incredible joy, learning, friendship, and passion. Being a member of the Team USA Athletes' Commission would not only be an honor but also an exciting opportunity to influence a sport and organization that has had an outsized impact on my life. At its essence, USA Climbing is an organization for athletes; therefore, I believe it is important that current active athletes be involved at every level of USA Climbing, but most importantly in the big decisions that shape our sport.

I am actively involved in the competitive climbing community, competing in both the collegiate and elite series. Over the years, my participation has spanned from youth qualifying events to World Cups. In short, I am as knee-deep in USA Climbing as you can get! I believe this gives me a unique perspective on the depth and breadth of USA Climbing.

Climbing is currently in a pivotal period of growth. As the sport grows, it is imperative that we, as a community, make decisions that cultivate, protect, and improve the truly unique sport we all love. If I were given the honor of being a Team USA Athletes' Commission member, I would be an advocate and voice for the interests of what lies at the heart of USA Climbing—the athletes.

Thank you for your consideration,
