

USAC Routesetting Petition for Certification

Under special circumstances, the USA Climbing Routesetting Committee may approve Certification advancement or Endorsement(s) for a Routesetter based on prior experience and an active pursuit of further certification through USA Climbing.

The Routesetter must submit this Petition for Certification to USA Climbing and the Routesetting Committee will typically respond within 2 weeks of submission. Only in exceptional cases or special circumstances where the Routesetter's experience is clearly sufficient AND the Routesetter is actively interested in advancing in the USAC Certification program, will Petitions for Certification or Endorsement(s) be approved.

Please complete the information below and email to the Administrator of the USAC Routesetting Clinic and Certification Program, Jeremy Ho (Jeremy@usacimbing.org). This form must be accompanied by at least 2 letters of recommendation from fellow routesetters, RC's, judges etc.
